What is dual enrollment?

A program whereby students earn college credit while they are still in high school as they are dually enrolled in Exeter High School and also enrolled in a local college.

RACC

| <u>Course Name(s)</u> | <u>College Credits</u> |
|--|------------------------|
| ■ Accel. & AP Biology | 8 |
| ■ Accel. & AP Chemistry | 8 |
| ■ AP Physics I & II | 8 |
| ■ (H) Probability & Statistics <u>or</u> AP Statistics | 3 |
| ■ (H) <u>or</u> AP Psychology | 3 |
| ■ AP Language & Composition | 3 |
| ■ (H) Fine Arts Studio | 3 |
| ■ (H) Fine Arts Studio II | 3 |
| ■ (H) Design Studio | 3 |
| ■ (H) Calculus or Accel. Calculus | 4 |
| ■ (H) Accounting II | 3 |
| ■ (H) Studio Art History | 3 |
| ■ AP US History | 3 or 6 |

College Credits

- Students who successfully complete dual enrollment courses receive credit from Exeter Township SHS and the designated college or university.
- Students should request to have their RACC transcript sent to the college they plan to attend following high school.

Transferability

- Most dual enrollment courses are traditional college freshman selections, therefore the transferability factor is extremely high.
- Contact the registrar's office of colleges student is considering to confirm that the transfer credits will be accepted.
- Some colleges may not give credit to courses that are used to fulfill high school graduation requirements.

Important Information

- Credits are transferred; grades are not. The credits transferred from another school do not affect a student's grade-point average.
- Only courses in which a grade of 'C' (2.0) or higher is earned will be considered for transfer. Course work completed on a Pass/Fail or Satisfactory/Unsatisfactory basis typically will not be transferred.
- Course work must be completed at a regionally accredited institution.
- Penn State must offer a similar course or program of study in order to award transfer credit.
- Courses at Penn State carry semester hours of credit. Courses evaluated for transfer from colleges and universities with different credit systems (quarter hours, units) are converted to semester hours of credit.
- Explanations of transfer credit designations are found at [Penn State Credit Equivalencies](#).
- If appropriate, general credits may be used to fulfill [degree requirements](#). These general credits may be applied to the program of study in accordance with the policies established by the student's college of enrollment.

Current Students

- A \$25 processing fee will be posted to your student account once an official college transcript is received and credits are processed on your record in LionPATH. Please note that the \$25 fee will be assessed per transcript received regardless of whether transfer credit is earned. A fee will not be assessed for test credits, military experience, or dual enrollment credits. The fee will be added to your bill and is payable to the Bursar's Office.
- All advanced placement or transfer credits placed on the Penn State transcript will count towards the total number of credits a student has accumulated. Please be advised that a student's tuition will increase as soon as the Penn State transcript reflects 59.1 cumulative credits. This tuition increase will occur during the semester the credits are transferred.
- For more information click on the following link: [Office of the Bursar: Tuition Assessment](#).
- Students Wishing to Take Summer Courses in China: Courses taken in programs in China that are not part of the regular degree-granting curriculum will not be considered for transfer credit.

Please Note: Evaluations for transfer of credit by the Undergraduate Admissions Office are based upon the best available information at the time. Revisions to a course evaluation may be made based on the receipt of new information. No evaluation is officially complete until credits appear on the student's Penn State transcript.

Sending Transcripts

- Penn State requires transfer applicants to submit official transcripts from all post-secondary institutions where course work was attempted.
- Current students should send transcripts of dual enrollment course work or course work completed at a different college/university once the student enrolls at Penn State.

Tuition & Fees

RACC

| | |
|-----------|----------|
| 3 Credits | \$297.00 |
| 4 Credits | \$396.00 |

Tuition only – discounted to \$99 per credit

Example:

Student who took the following courses at Exeter for RACC Credit...

| | |
|--------------------------------|-------------------|
| ■ Accel. & AP Chemistry | 8 credits |
| ■ (H) Psychology | 3 credits |
| ■ (H) Probability & Statistics | 3 credits |
| ■ AP Language & Composition | 3 credits |
| Total Credits: | 17 credits |
| Total Cost: | \$1,683.00 |

All courses/credits above are currently transferable to Albright, Alvernia, Kutztown, Millersville & Penn State-Berks

Considerations

- College Major and Curriculum
- Colleges applying to
- Advanced standing for scheduling and housing
- Change of major
- Transfer to another institution
- Graduating in 4 years?

AP Exams...Another way to earn college credits

- Through the Advanced Placement Program offered by the College Board, students can receive not only high school, but college credit if they earn a qualifying score on the AP exam.
- Cost: AP Exams cost approximately \$90.00.

Transferability & AP

- Individual colleges and universities, not the College Board or the AP Program, grant course credit and placement.
- Students should check with colleges they intend to apply to in order to verify their AP Policy.
- The ETSD highly encourages AP students to take the exam.

Deadlines

**RACC Application, Course Registration and
Parent Confirmation due:**
September 30, 2020

Payment due to RACC:
November 1st

*No money is due now, wait for bill from RACC

2020 Dual Enrollment Scholarship

Criteria:

- FALL Only
- Student must be enrolling in a dual enrollment course for the Fall 2020 semester at Reading Area Community College.
- [Scholarship Application](#)
- Student must be recommended as needing financial assistance by a school official at their high school through a signature on this form. (Free or Reduced Lunch/Family Income < \$100,000)

Survey results....

- “The dual enrollment program was one of the best decisions I have ever made! I'm not good at math, so taking statistics as a dual enrollment in high school course lessened the burden of having to take it in college while taking other hard courses at the same time. I highly recommend it to everyone who has the opportunity to take one of more.”
