Discussion Agenda:

1. Owatin Creek Elementary School Report – Mrs. Susan Cook, Principal

General Information
We had a wonderfully positive start to the 2014-15 school year at Owatin Creek. We continue to have great support with arrival, dismissal and lunch from our parents, aides and professional support staff.

1. “Coffee, Conversation and Kleenex” was held on the first day. As you may recall, this initiative allows us to let new parents get acquainted with our school, staff and APT executive board as well as providing a first day photo opportunity. We had record numbers of parents that took advantage of the invitation.

2. We held a “Greet and Meet” time for parents on August 27. Parents were invited to come in to see their child’s classroom as well as meet their child’s teacher. Students were welcome to participate in this process and provide additional information to their parents. This too seemed extremely positive and well attended especially for kindergarten and first grade with 90% and 94% of parents participating.

3. I have been meeting with students during the first two weeks of school to review school rules, our positive school-wide discipline plan and student recognition program.

Owatin Creek’s Professional Learning Community/Professional Development
1. Our beginning of year staff meeting revolved around the K-5 focus on implementation of our new math program, Investigations. Heidi Rochlin arrived in time to actually present that part of the meeting. In addition we spoke about some revisions to the RTII Framework, SLO’s, reading stamina and district and building goals. We will of course have ongoing non-mandatory meetings with our literacy coach and review our All Hazards Plan with new teachers. Our strengths continue to center on utilizing best practices, team collaboration to improve academic achievement, and school-wide structures to monitor student learning and progress.

2. Our areas of growth are defined in terms of fine tuning our professional learning community to incorporate collaborative meeting/early dismissal time to improve the instructional planning process as well as the intervention support process. All grade level and PLC groups will use the same form to report meeting results/progress.

3. Additional areas being addressed include:
   a. Instructional aide support remains focused on guided reading and support for the new math program.
   b. Gifted and special education support to be inclusive during reading and math.
   c. Framework for all math instruction with approximately 70+ minutes of uninterrupted math instruction time.
   d. Framework for all reading instruction with 90 minutes of uninterrupted reading instruction (specific guided reading times) plus 30 minutes of Tier (Intervention) Time.
   e. Walk-throughs and observations with continued focus on the implementation and fidelity of the new math program, and professional development during collaborative meetings.

School Partnerships
* Our APT continues to be very actively involved at Owatin. Of course, we had plenty of support with “Coffee, Conversation, and Kleenex” and our smooth opening of school. Our first meeting is on September 10th, September 11th is our first “Spirit Day”.
* In addition to awarding each teacher $100 for classroom use, our APT is once again offering classroom mini-grants (approximately $2,000).
* We also anticipate receiving supply donations from A. C. Moore, parents, a local church and WalMart.
* Home Depot is working on building a base for the windmill aerator for the pond. As you may recall, we received a **Mascaro Grant for $2,000** for the aerator and Carole Moyer received a grant from ECEF to purchase books to go along with supporting wind energy.

* Other Grants/ money:
  1. Target: $1675.32
  2. WalMart: Applied (tentatively approved) for $2500 Grant to support the new math program.
  3. Campbell’s Labels: recess equipment

**Additional building notes:**

*OC PSSA scores were relatively consistent with expectations:

*We are continuing to offer Science Explorers as an after school activity for grades 1-4. SE begins on October 2nd.

*We are also continuing Girls on the Run which is also an after school activity supervised by parents, Diana Bogust is the liaison.

* Development of math and spelling brochure (which was distributed to parents during Meet and Greet) and web page information for parents developed by Julie and Heidi over the summer. We have also been working on a math pamphlet for parents to coincide with our Math Parent Forums and fall parent/teacher conferences.

*Please look for our **first newsletter** on the building webpage under the APT icon.

2. **Proposed merger between Berks Tax Collection Committee (TCC) and Berks EIT Bureau to create Berks Tax Collection Bureau – Anne Guydish**
