Home Economics	5.00/hr
Computer Labs	30.00/hr
Art	5.00/hr
Science	5.00/hr
Weight Room	30.00/hr

Policy #707 – Use of School Facilities

- (1) The above rates do not include the use of any computer equipment except in the Computer Labs. Computers and word processing equipment in other rooms and subject areas will not be available for use on a rental basis. The use of any other equipment, such as television, AV equipment, etc., must be included in any request for facilities' use, and the use shall be at the discretion of the administration. In all cases, before the special classrooms would be rented, a qualified instructor must be available for the purpose of either supervising/teaching the group.
- (2) In addition to paying the above rates, organizations shall reimburse the school district for the wages, fixed charges, and fringe benefits of custodians, cafeteria employees, police, stage crew, etc., that may be required (overtime rates apply Saturdays and Sundays). Time will be calculated from the time the facility is requested to be open until the clean-up has been completed and the doors are locked.
- (3) One rehearsal or practice will be allowed with a scheduled performance without any additional rental charge. A rental of one-half the established rate will be charged for additional rehearsals or practices.
- (4) A.P.T., Booster Club, and Boy and Girl Scout organizations shall be classified on the same basis as regular public school activities; hence, no charge for the use of the facilities except the overtime wages of a custodian or cafeteria employee, if required.

Class A Any charitable or non-profit, responsible community organization within the school district sponsoring an activity free of charge which is instructive and beneficial to the public.

Class B Any charitable or non-profit community organization of the school district sponsoring an activity which is instructional and/or beneficial to the public for which admission is charged or a donation received.

Class C Any charitable or non-profit community organization of the school district, with restricted memberships, for which the motive is the raising of funds for the partial benefit of the school.

Class D Any organization or group not included in Classes A, B, or C, shall be included in this category.

Any request which do not meet the criteria as set forth in the above classes, shall be acted upon by the Board of School Directors on an individual request basis.

Since state accredited institutions of higher learning do not fit into any of the above classes, the rental rate shall be \$5.00 per classroom/per hour. In addition, the nominal fees schedule indicated under Notes 1 and 2 shall apply for the purpose of staff development for the Exeter professional staff.
